

2.7.4 The institution provides instruction for all course work required for at least one degree program at each level at which it awards degrees. If the institution does not provide instruction for all such course work and (1) makes arrangements for some instruction to be provided by other accredited institutions or entities through contracts or consortia or (2) uses some other alternative approach to meeting this requirement, the alternative approach must be approved by the Commission on Colleges. In both cases, the institution demonstrates that it controls all aspects of its educational program. (See Commission policy “Core Requirement 2.7.4: Documenting an Alternative Approach.”) **(Course work for Degrees)** (Note: If an institution does not offer all course work for at least one degree at each degree level, it must request approval and provide documentation for an alternative approach that may include arrangements with other institutions. In such cases, the institution must submit information requested in Commission policy, “Core Requirement 2.7.4: Documenting an Alternate Approach.” This information should be submitted as part of the Compliance Certification).

Narrative:

Chattahoochee Valley Community College (CVCC) provides all coursework for at least one degree program at the Associate Degree level. This coursework is provided through traditional in class instruction, hybrid courses, or web-based online instruction. The specific requirements for all degrees can be found in the [College Catalog and Student Handbook](#), available on the website and by hard copy on campus.

Three specific associate degree programs where CVCC provides instruction for all required coursework includes the [Associate of Applied Science](#) degree in Medical Assisting and the [Associate of Science](#) and [Associate of Arts](#) degrees for academic transfer. The College presents transcripts of students in each of these degree programs showing all courses completed at CVCC. Additional evidence is presented in the forms of the current ([Spring 2013](#)) and previous two ([Fall 2012](#) and [Summer 2012](#)) semester course schedules. All schedules are available on the College’s website and by hard copy on campus.

In addition, a copy of the 2012 [Graduation Program](#) shows additional evidence of Associate Degree graduates.
