EXPLANATION OF RECORD

The Army/American Council on Education Registry Transcript System (AARTS) only contains information for active and veteran enlisted Army personnel to include Regular Army, Army National Guard and US Army Reserve.

BASIC TRAINING DATE, when not reported to AARTS, is based on the Service Member's reported Basic Active Service Date (BASD). Since no exact start or end dates are known, the BASD, AS REPORTED TO AARTS, is displayed instead.

ALL information in the AARTS database comes directly from official sources: the Army Personnel Command, National Guard Bureau, US Army Reserve Command, Army Training Requirements and Resources System, American College Testing Program, Excelsior College Examination Program, and Educational Testing Service.

TERMINOLOGY

"INSTITUTIONAL COPY" designates an official transcript sent directly from the AARTS Operations Center to schools or employers. An AARTS transcript is only official if it is in a sealed AARTS envelope.

"PERSONAL COPY" designates an official transcript sent directly to an individual.

ACRONYMS AND DESCRIPTIONS

The Military Occupational Specialty (MOS) code encompasses both the specialty and the skill level held within an occupational group. For example: if the MOS code is 43E10, the specialty is contained in the 43E group (Parachute Rigger) and skill level (10) is the first level in that group.

The Special Qualification Identifier (SQI) designates a qualification such as Instructor (H) and Parachutist (P).

An Additional Skill Identifier (ASI) identifies specialized skills closely related to an MOS. For example, Master Fitness Trainer (P5) and Special Forces Military Free Fall Operations (W8).

The Skill Qualification Test (SQT) and Self-Development Test (SDT) measure proficiency in the primary MOS; the Army's passing score is 60 for the SQT and 70 for the SDT. These tests were not administered for secondary or duty MOS's. As of February 1995, MOS skill qualification tests were discontinued. Refer to the ACE Guide, Volume 2, for additional information.
