In addition to any other prohibitions or limitations provided by other policies, laws, or regulations:

The Board of Education strongly discourages the presentation of gifts, services, transportation, food, entertainment or things of value to its members, the Chancellor, or any Vice Chancellor or Director of the Department, by any institution, employee or organization affiliated with the Alabama Community College System or the Department of Postsecondary Education. Promotional items of nominal value, such as coffee cups, pens, pencils, t-shirts or the like, bearing campus names, logos or other symbols associated with a campus, may be presented in association with official campus visits, provided that such gifts are otherwise allowable under all applicable laws and policies, and provided that such gifts have an aggregate value not exceeding \$50.00 per year per college per recipient. Modest dinners or receptions and associated student or faculty entertainment which are publicly announced and which are broadly attended by College staff in association with a publicly announced official visit by the Board or the Chancellor are permitted, provided that they are otherwise lawful.
