President's Message

The second annual Chris Patterson Memorial Track or Treat 5K run on Saturday was a great event and a huge success. I want to thank the Patterson family for having the idea to bring the event on campus this year. We intend to keep this as an annual campus event. I want to thank all the CVCC employees and students who participated in the run (or walk), and all the faculty and staff who volunteered to make the event run (no pun intended) smoothly. I especially would like to thank the Phenix City Police Department's motorcycle unit and other officers for ensuring the safety of the runners. Almost all of the participants, including the dogs, were in costume...and that alone was worth attendance. The kid's run was well attended, and is a great addition to the event. As one parent told me their child was excited because they had another reason to wear their costume before Halloween. I want to thank our military men and women who were out in force and ran some great times. To have an event with such meaning on our beautiful campus on a beautiful Fall day brought together all the elements that make CVCC great. The community, our students and our faculty/staff working together to make a difference and have a positive impact on a multitude of lives. The money raised will keep Chris' commitment to students alive, and continue a legacy of caring and giving.

Have a great week.

GO PIRATES!
