The total in Column B should equal the total in Column N of Table 1.

Column D is the total number of learners who completed a level, including learners who left after completing and learners who remain enrolled and move to one or more higher levels.

Column E represents a sub-set of Column D (Number Completed Level) and are learners who completed a level and enrolled in one or more higher levels.

Column F are students who left the program or received no services for 90 consecutive days and have no scheduled services.

Column D+F+G should equal the total in Column B.

Column G represents the number of learners still enrolled who are at the same educational level as when entering.

Each row in Column H is calculated using the following formula: H=D/B

Work-based project learners are not included in this table.

*Completion of ASE High level is attainment of a secondary credential or passing GED tests.
