Federal Title IV
Refund/Repayment Policy
2012-2013**

Title IV regulations specify that funds are awarded to a student under the assumption that the student will attend College for the entire period for which the assistance is awarded. Title IV regulations state a student and CVCC are eligible to keep only the amount of Title IV funds earned. *All unearned Title IV funds must be refunded to the federal government or to the lending bank granting the student loans.* Therefore, when a student receives Title IV funds (Loan, Pell or SEOG) within a semester and then drops, withdraws or stops going to class before completing the 60 percent enrollment period of the term, the student becomes personally responsible for the unpaid tuition and fees. The student will owe CVCC for unpaid tuition and fees.

**For the Spring 2013 Semester:
A Title IV student will owe CVCC
tuition if he or she
withdraws, drops or stops
going to class prior to:**

Term I Classes – February 13, 2013

Regular Term Classes – March 18, 2013

Term II Classes – April 16, 2013

If a student owes CVCC for tuition and fees due to refunded Title IV funds, a hold is placed on his/her account. When an account is on hold, the student will not be able to receive grades or register for future semesters until the amount is paid in full. Also, if student accounts are not paid timely to CVCC, the accounts will be turned over to a collection agency and will be reported to the Credit Bureau. **All students with accounts turned over to collections will be responsible for paying any collection costs.**
