Associate in Science and Associate in Arts

A student enrolled at CVCC in an Associate in Science degree program in General Studies or an Associate in Arts degree program in Liberal Arts must complete 41 semester hours of core curriculum course work distributed among four core discipline areas (Areas I - IV), as indicated below. The student must then refer to a subsequent section of this catalog, or to the degree plan available from the academic advisor, to select 19 to 23 additional semester hours of course work in an Area V field of concentration appropriate to his/her future major. The student must complete 60 to 64 semester hours of appropriate course work to satisfy the requirements for graduation and to receive the Associate in Science degree in General Studies or the Associate in Arts degree in Liberal Arts.

Areas I-IV: Minimum general education requirements 41 credit hours

AGSC approved CORE courses, including courses not offered by CVCC, transferred from another college will meet requirements for Areas I-IV.

Area V: Preprofessional, pre-major, and elective courses **19-23 credit hours

For additional courses, students must consult with their advisors to obtain Articulation Degree Plans for their specific areas of concentration.

The Articulation Degree Plan will list specific course requirements for transfer. However, since acceptance of transfer credits is ultimately determined by the senior institution, a student planning to transfer must consult with his/her advisor as well as the catalog of the institution to which he/she plans to transfer to ensure transfer credit.

Additional degree requirements:

ORI 101 (one credit hour) or ORI 105 (three credit hours) is required of all students except transfer students who have completed 14 or more semester hours prior to transferring to CVCC. If ORI 105 is taken to fulfill this requirement, the two additional credit hours may be used in Area V.

CIS 146 is required of all students except those who demonstrate computer literacy through testing administered by computer information systems faculty.

Areas I-V: General studies curricula *60 credit hours**

Maximum program semester credit hours 64 credit hours

Semester credit-hour range by award *64 credit hours**

* Students must complete a six-hour sequence in Literature or History

** See the Articulation Degree Plan for specific course requirements for Areas II, III, and IV.

***Respective programs of study for baccalaureate degrees at Alabama public universities range from 120 to 128 semester credit hours in length. Depending on the total hours allocated for the bachelor's degrees, institutions in the Alabama Community College System are authorized to provide 50 percent of the total (60-64).

Alabama Articulation and General Studies Committee (AGSC)

The AGSC was created to simplify the transfer of course credit between public institutions of higher education. To accomplish this task, the AGSC has developed and implemented a state-wide general studies and articulation program that facilitates the transferability of coursework

among all Alabama public colleges and universities. The AGSC continues to serve as a monitoring committee for the articulation program. They oversee and maintain the program on an on-going basis. Finally, the AGSC works to resolve any student appeals related to transfer of coursework as it relates to the articulation program.

Career programs

Associate in Applied Science (A.A.S.)

The Associate in Applied Science degree is awarded to students who complete the requirements of a specific career or professional program outlined in this catalog. These programs may contain no fewer than 60 and no more than 76 semester hours. Of the total hours in a program, a representative percentage must be courses chosen to ensure competency in reading, writing, oral communication, computer applications, and fundamental mathematics and to satisfy CVCC core requirements. The remaining hours must be taken in the specific area of concentration and
