Short Certificate - Emergency Medical Technician - Basic

Chattahoochee Valley Community College offers emergency medical training for the EMT program. The EMT program consists of one semester of classes and clinical training. The student registers for eleven (11) semester hours (2 hours of CPR, if needed) of instruction and clinical rotation. Upon successful completion of the EMT program, the student is eligible to take the National Registry Exam. After passing the National Registry Exam, the student is eligible for State of Alabama licensure as an EMT Technician. Students enrolled in the EMT program are responsible for additional costs and fees related to the program and not included in tuition. Such costs can include, but are not limited to: physicals, criminal background checks, random drug screening, clinical uniforms, and required clinical supplies.

* Students may use ORI 105, Orientation and Student Success, to satisfy this requirement. Enrollment in this three credit-hour class will add two semester hours to the student's program total.
