Short Certificate – Advanced Emergency Medical Technician

This program is designed to offer emergency medical training for the Advanced EMT program. The Advanced EMT program consists of one semester of classes and clinical training. The student registers for ten (10) semester hours of instruction and clinical rotation. If the student does not hold a current CPR card, they must complete CPR courses. The AEMT course and training are designed to provide additional training, knowledge, and skills in specific areas of ALS. Skills above the EMT-Basic level include EV therapy and the administration of certain medications. Upon successful completion of the Advanced EMT program, the student is eligible to take the National Registry Exam. After passing the National Registry Exam, the student is eligible for State of Alabama licensure as an Advanced Emergency Medical Technician. Students enrolled in the Advanced EMT program are responsible for additional costs and fees related to the program and not included in tuition. Such costs can include, but are not limited to: physicals, criminal background checks, random drug screening, clinical uniforms, and required clinical supplies.
